"I am a diabetic and Z-Xtra cured most of my sores and made the large ones smaller and healthier. It also made my cracked hands feel smoother and healthier. A few days after my first use, my hands weren't cracked anymore!

Shirley H., Patient

"I couldn't believe that I had struggled so much in the past trying to avoid a long healing process [and scarring], and Z-Xtra was so effective in the first 12 hours.

Mary S., Patient

"Z-Xtra is awesome not only for me but my family. They ask for it by name because it doesn't sting, isn't messy, it rubs in and more importantly because it works. We've used many different products but none came close to the effectiveness and comfort of Z-Xtra.

Nancy K., Patient and Mother

"After applying and reapplying Z-Xtra, normal skin was evident the following morning. Thank you for a great product!"

Bridget D., Patient
